- ❑ Deffaf Project in Khartoum, Sudan. And it consists of Hotel (High Rise), Fitness Center, Ladies Gym and Convention Center.

As Electrical Design Engineer

Prepare electrical drawings for following systems:

- Estimated load study
- Lighting system using Dialux software
- Power system
- Voltage drop and short circuit calculations by Ecodial software
- Cables, Generators, Transformers, MDB's and ATS selection
- Fire alarm and evacuation system
- CCTV, SMATV, Access control, Telephone and Data systems
- Earthing and Lightning system
- Bill of quantities and specifications

**COURSES AS
TRAINEE**

- Transformer Operation, Testing & Maintenance (25 h), in NEPCO*
- AC Motor Control (25 h), in NEPCO*
- Generation Operation (25 h), 21.3.2010 in NEPCO*
- MV Switchgear Testing & Operation (25 h), in NEPCO*
- Specifications of Trans. and Distribution Laboratory (25h), in NEPCO*
- Programmable Logic Control (PLC) (25 h), in NEPCO*
- House wiring fundamentals (25 h), in NEPCO*
- Alarm & Communication circuits wiring (25 h), in NEPCO*
- *NEPCO: National Electrical Power Company - Training Center – Jordan
- Programming using Matlab (24 h) in (JEA)-Jordan
- Building Management System (18 h) in (JEA)-Jordan
- Project Management Professional (PMP)- Jeddah.
- Primavera p6 professional- Jeddah.

**COURSES AS
TRAINER**

- Electrical Design and Installation Course), 25.3.2012 in (JEA)-Jordan
- Electrical Design and Installation Course, 5.2.2014 in (JEA)-Jordan
- Electrical Design and Installation Course, 21.4.2014 in (JEA)-Jordan
- Electrical Design and Installation Course, 7.6.2014 in (JEA)-Jordan
- Electrical Design and Installation Course, 8.1.2016 (JEA)-KSA/Jeddah

PERSONAL PROFILE

Full Name : Omar Sabe' Abdel Hameed Yousef
 Passport number : M926108
 Marital Status : Married
 Nationality : Jordanian
 Current Address : Al bawadi - Al madinah Street - Jeddah, KSA
